May 15, 2025 at 6:05 AM EDT

NEW YORK, May 15, 2025 /PRNewswire/ -- Foot Locker, Inc. (NYSE: FL) today reported select preliminary financial results for its first quarter ended May 3, 2025.

Mary Dillon, Chief Executive Officer, said, "Despite making ongoing progress with our Lace Up Plan, our preliminary first quarter results are below our expectations as we experienced softer traffic trends globally. We continued to manage our promotional levels and maintain inventory and expense discipline, and we have taken actionable steps to advance these efforts and remain nimble and well positioned in an uncertain macroeconomic backdrop."

Ms. Dillon continued, "In the first quarter, we continued to elevate our in-store experience through our Reimagined and Refresh programs and enhanced our digital offerings, including our new Champs Sports and Kids Foot Locker mobile apps. We have remained focused on increasing engagement through our FLX program and leveraging our strong brand partnerships to generate excitement for our customers."

Preliminary First Quarter Results

- Comparable sales decreased by 2.6% from the prior-year period, with comparable sales in the North America region decreasing by 0.5%.
- Net loss is expected to be \$363 million, as compared with net income of \$8 million in the corresponding prior-year period. On a non-GAAP basis, net loss is expected to be \$6 million for the first quarter, as compared with net income of \$21 million in the corresponding prior-year period.
- First quarter loss per share is expected to be \$3.81, as compared with earnings per share of \$0.09 in the first quarter of 2024. Non-GAAP loss is expected to be \$0.07 per share in the first quarter, as compared with non-GAAP earnings per share of \$0.22 in the corresponding prior-year period.
- Non-GAAP net loss and net loss per share exclude non-cash impairment charges totaling \$276 million and primarily reflect a \$140 million charge related to a tradename and a goodwill impairment charge of \$110 million. Additionally, we recorded a full valuation allowance on the Company's deferred tax assets and deferred tax costs related to the Company's European business totaling \$124 million, which is excluded from our non-GAAP results.

See the tables below for the reconciliation of Non-GAAP measures and details regarding the impairment charges and valuation allowance.

Agreement to be Acquired by DICK'S

In a separate press release issued today, Foot Locker and DICK'S Sporting Goods announced that they have entered into a definitive merger agreement under which DICK'S will acquire Foot Locker in a transaction that implies an equity value of approximately \$2.4 billion and an enterprise value of approximately \$2.5 billion. Under the terms of the merger agreement, which has been unanimously approved by the boards of directors of DICK'S and Foot Locker, Foot Locker shareholders will elect to receive either (i) \$24.00 in cash or (ii) 0.1168 shares of DICK'S common stock for each share of Foot Locker common stock. The election is not subject to a minimum or maximum amount of cash or stock consideration.

The transaction is subject to Foot Locker shareholder approval and other customary closing conditions, including regulatory approvals, and is expected to close in the second half of 2025.

Foot Locker plans to report full financial results for its first quarter ended May 3, 2025, before the U.S. markets open on Thursday, May 29, 2025. In light of the pending transaction with DICK'S, Foot Locker will not be holding its previously scheduled conference call to discuss its first quarter 2025 results and will not be providing or updating previously issued financial guidance.

Non-GAAP Financial Measures

In addition to reporting the Company's financial results reported in accordance with generally accepted accounting principles ("GAAP"), the Company reports certain financial results that differ from what is reported under GAAP. Non-GAAP financial measures that will be presented will exclude (i) gains or losses related to our minority investments, (ii) impairments and other, and (iii) certain tax matters that we believe are nonrecurring or unusual in nature.

Certain financial measures are identified as non-GAAP, such as sales changes excluding foreign currency fluctuations, adjusted income before income taxes, adjusted net income, and adjusted diluted earnings per share. We present certain amounts as excluding the effects of foreign currency fluctuations, which are also considered non-GAAP measures. Where amounts are expressed as excluding the effects of foreign currency fluctuations, such changes are determined by translating all amounts in both years using the prior-year average foreign exchange rates. Presenting amounts on a constant currency basis is useful to investors because it enables them to better understand the changes in our business that are not related to currency movements.

These non-GAAP measures are presented because we believe they assist investors in comparing our performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core business or affect comparability. In addition, these non-GAAP measures are useful in assessing our progress in achieving our long-term financial objectives and are consistent with how executive compensation is determined.

We estimate the tax effect of all non-GAAP adjustments by applying a marginal tax rate to each item. The income tax items represent the discrete amount that affected the period. The non-GAAP financial information is provided in addition, and not as an alternative, to our reported results prepared in accordance with GAAP.

Notes on Non-GAAP Adjustments:

(1) Included in the first quarter of 2025 impairment and other caption were non-cash impairment charges of \$140 million to write down the WSS tradename and \$110 million impairment of goodwill, as a result of a triggering event due to a reduction in the Company's stock price and resulting market capitalization, coupled with general macroeconomic factors. Additionally, the Company recorded \$15 million in non-cash impairment charges of long-lived assets and right-of-use assets. In connection with the previously announced global headquarters relocation and shutdown of the businesses which operated in South Korea, Denmark, Norway, and Sweden, we recorded accelerated tenancy and lease termination charges of \$8 million. The Company has closed all stores operating in those regions as it focuses on improving the overall results of its international operations. Finally, the Company recorded \$3 million of reorganization costs primarily related to the announced global headquarters relocation and shutdown costs.

For the first quarter of 2024, impairment and other included a loss accrual for legal claims of \$7 million and a \$7 million impairment of long-lived assets and right-of-use assets related to the Company's decision to no longer operate, and to sublease, one of its larger underperforming stores in Europe.

(2) For the first quarter of 2025, other expense / income included a \$5 million gain on the sale of the Greece and Romania businesses, partially offset by \$1 million of our share of losses related to equity method investments.

For the first quarter of 2024, other income / expense consisted of \$2 million of our share of losses related to equity method investments.

(3) In the first quarter of 2025, it was determined that due to recent weakness in market conditions, the ability to utilize the entirety of our European deferred tax asset was less likely than prior periods. Accordingly, the Company recorded a \$117 million valuation allowance on all the deferred tax assets related to net operating loss carryforwards and deferred interest deductions related to the Company's European business. The Company will continue to monitor the recoverability of deferred tax assets on a quarterly basis. Additionally, in connection with this assessment, the Company wrote off certain deferred tax costs of \$7 million.
