

GLOBAL ENVIRONMENTAL AND CLIMATE CHANGE STATEMENT

Introduction

Inspiring and empowering youth culture around the world—while remaining environmentally conscious and sensitive to the impacts of Climate Change—is at the heart of Foot Locker, Inc.'s success.

Environmental sustainability, to the Company, means continuing to do business in the right way by being mindful of the Company's carbon footprint and seeking ways in which to reduce it. Sustainability is an important part of the Company's business. The Company is committed to a long-term sustainable approach to safeguarding the environment. We believe that taking steps toward a better environment is good business.

Climate Change is one of the greatest challenges of our time. From shifting weather patterns that threaten food production, to rising sea levels that increase the risk of catastrophic flooding, the impacts of Climate Change are global in scope and significant in scale.

Requirements

Sustainability and protecting the environment are priorities to the Company. The Company is committed to the following:

- operate the business in a manner that reduces our environmental impact, and helps protect natural resources;
- reduce greenhouse gases that may have an adverse effect on Climate Change;
- manage product lifecycle in an environmentally responsible manner;
- comply with applicable environmental laws and regulations; and
- evaluate and review its impact on the environment and report performance.

Supplier Responsibilities

Around the globe, the Company is committed to working with suppliers to protect the environment. The Company's Global Sourcing Guidelines require all of the Company's suppliers to comply with all laws and regulations relating to environmental protections in the countries where they operate.

Questions and Comments

The Company welcomes questions and comments regarding this Statement, all of which should be sent to the Company's Secretary at Foot Locker, Inc., 330 West 34th Street, New York, New York 10001.
